

A TRIP TO THE OLD PUHOS AND THE LARCH FOREST

Duration: 2 tuntia

Available: all year round (mon- fri)

Minimum number of participants is 10 people

Old Puhos has a long history in manufacturing. An example of this is the the first Finnish steamship Ilmarinen that was made in Puhos in 1833. It was named after a character in the Finnish national epic, Kalevala. After Ilmarinen was built the builder planted 20 hectare larch forest for the future ships to be made. On this trip arranged by

Pajarinhovi you can get acquainted with the traditional old Puhos and the

close-by larch forest. You will be accompanied by an adept guide who will gladly answer your questions.

The price includes the transportation from Pajarinhovi tourist centre to the destinations. The guide speaks Finnish and English. The trip starts at

1pm. The enrolment happens during the previous day by 4 pm. We warmly welcome you on the trip to listen to the intriguing stories Puhos and the larch forest have to tell!
